

### Welcome and Registration

10:00 Opening address *David Isenberg (UCL)*

### Some Lupus Complications

*Moderators: David Isenberg (UCL) & Marina Botto (Imperial College London)*

10:15-10:45 SLE and atherosclerosis *Anisur Rahman (UCL)*

10:45-11:15 SLE and pregnancy *Ian Giles (UCL)*

### The Science of Lupus

*Moderators: Nathalie Costedoat-Chalumeau (Université René Descartes, Paris) & Caroline Gordon (University of Birmingham)*

11:15-11:45 What's wrong with B cells in SLE? *Claudia Mauri (UCL)*

11:45-12:15 Complement and lupus—unravelling the mysteries *Marina Botto (Imperial College London)*

12:15-12:45 Metabolomics—a guide to the perplexed and what does it have to do with lupus anyway? *Liz Jury (UCL)*

12:45-13:30 Lunch

### Treatment Issues I

*Moderators: Alan Salama (UCL) & Ian Giles (UCL)*

13:30-14:00 Compliance matters *Nathalie Costedoat-Chalumeau (Université René Descartes, Paris)*

14:00-14:30 Managing non-renal lupus *Caroline Gordon (University of Birmingham)*

### Problem Cases

14:30-15:15 Group 1 *Nathalie Costedoat-Chalumeau (Université René Descartes, Paris) & David Isenberg (UCL)*

Group 2 *Anisur Rahman (UCL) & Ian Giles (UCL)*

Group 3 *Alan Salama (UCL) & Caroline Gordon (University of Birmingham)*

### Treatment Issues II

*Moderators: Anisur Rahman (UCL) & Claudia Mauri (UCL)*

15:15-15:45 Managing renal lupus *Alan Salama (UCL)*

15:45-16:45 Biologics for lupus—what's coming? *David Isenberg (UCL)*

16:45 Close
