

18:00–18:20 **Opening Address**

*Bernardo Pons-Estel (Argentina)*  
*Thomas Dörner (Germany)*

**Keynote Lecture**

18:20–19:00 *Moderator: Bevra Hahn (USA)*  
Cytokines in SLE: Translational perspectives 2019

**Debate**

19:00–20:00 *Moderator: Ricard Cervera (Spain)*  
**New developments on Basic Science and Clinical Research in defining SLE**  
Pro: We did need better classification criteria for lupus  
Con: We need a different approach: a molecular classification for connective tissue diseases

20:00 **Networking Walking Dinner**

SATURDAY 7<sup>TH</sup> SEPTEMBER 2019

**Plenary I: Lupus Manifestations & Comorbidities – how have our strategies improved?**

08:30–09:10 *Moderator: Sandra Navarra (Philippines)*  
Cardiovascular outcomes and SLE 2019  
09:10–09:30 Macrophage activation syndrome in SLE  
09:30–09:50 Evidence based treatment of SLE comorbidities

**Hot Topic Lecture**

09:50–10:30 *Moderator: Richard Furie (US)*  
APS in SLE patients: Best treatment

10:30–11:00 **Break**

**Case Study Workshops (AM)**

11:00–12:15 ▲ *Moderator/Facilitator: Murray Urowitz (Canada)*  
Management of refractory lupus. Place for biologicals

● *Moderator/Facilitator: Bevra Hahn (US)*  
Management of difficult infections in SLE

■ *Moderator/Facilitator: Munther Khamashta (UK)*  
Family planning and SLE: from conception planning through children outcome

● *Moderator/Facilitator: Sandra Navarra (Philippines)*  
Challenges in lupus nephritis

12:15–13:30 **Lunch**

**Case Study Workshops (PM)**

13:30–14:45 ▲ *Moderator/Facilitator: Murray Urowitz (Canada)*  
Management of refractory lupus. Place for biologicals

● *Moderator/Facilitator: Bevra Hahn (US)*  
Management of difficult infections in SLE

■ *Moderator/Facilitator: Munther Khamashta (UK)*  
Family planning and SLE: from conception planning through children outcome

● *Moderator/Facilitator: Sandra Navarra (Philippines)*  
Challenges in lupus nephritis

14:45–15:10 **Break**

**State-of-the-art Lecture: Measuring Outcomes**

*Moderator: Ronald van Vollenhoven (The Netherlands)*

15:10–16:00 T2T, LLDAS and Remission: operational definitions meet reality?

**Novel Therapeutic Approaches to Improve Clinical Outcomes**

*Moderator: David Isenberg (UK)*

16:00-16:20 Targeting type I Interferons

16:20-16:40 Targeting B cells and plasma cells

16:40-17:00 Targeting IL12/23

17:00-17:20 Targeting novel intracellular pathways

17:20-17:40 Panel: Questions and Answers

17:40 **Close** - *David Isenberg (UK)*

**SUNDAY 8<sup>TH</sup> SEPTEMBER 2019**

**Keynote Lecture**

*Moderator: Ronald van Vollenhoven (The Netherlands)*

08:30–09:15 Novel biomarkers for monitoring lupus activity.

**Hot Topic Lecture**

*Moderator: Ricard Cervera (Spain)*

09:15–10:00 Mind antibodies and CNS disease in SLE vs. differential diagnosis

10:00–10:30 **Break**

**Roundtable: Treatment Challenges**

*Moderator: Munther Khamashta (UK)*

10:30–11:00 When should you decide a flare is around the corner and you should escalate therapy?

11:00–11:30 Management of refractory discoid lupus

11:30–12:00 How aggressive should I be with membranous nephritis?

12:00–12:20 Questions & Answers

12:20-12:30 **Closing**

*Thomas Dörner (Germany)*  
*Bernardo Pons-Estel (Argentina)*
